

GRADUATION PROJECT RESEARCH TOPIC PROPOSAL

Name: Courtney Penny English Teacher/Block: Digby / 4
(print)

RESEARCH TOPIC INFORMATION

Graduation Project Question (big idea):

Should animal testing be used for cancer research?

I will need to answer these questions to determine the answer to my GP Question (small ideas):

What are the effects testing has on smaller animals? Are there alternate forms of research that can be used?

My rationale for choosing this topic:

I love animals and have many pets and cancer is becoming an even larger problem. ~~an~~ I want to learn more alternate ways to research cures.
This topic will be a learning stretch for me because:

I currently have no knowledge on how testing is done for cancer research or which animals are used.

PRODUCT INFORMATION

Detailed description of potential Product

(location, expenses, materials needed, community involvement, reason for choosing this product):

Shadowing a mobile vet or volunteering in an animal shelter to get more involvement in my research.

PARENT STATEMENT
